All LL.M. students must consult with the Director of the LL.M. Program, Linda Beale, for approval of their course selections each term to ensure selection of appropriate courses for their degree. Please review the course information for your degree program in the Master of Laws Academic Regulations (LL.M. Academic Regulations), posted on the Law School’s website.

Each degree program includes “Required Courses” that must be taken by each LL.M. candidate for that degree. The Required Courses listed below are only those being offered in Fall 2018.

Each degree program also requires that an LL.M. candidate must elect a certain number of courses from a list of “Required Electives” specified for that degree. The Required Electives listed below are only those being offered in Fall 2018. Please refer to the course information for your degree in the LL.M. Academic Regulations for a complete list of Required Electives for your degree. Courses on the list of Required Electives for your degree that are taken beyond the number required for your degree are treated as electives.

Each degree program permits additional “Approved Courses” to be treated as electives that count toward the total credit hour requirement specified for that degree. The Approved Courses listed below are only those being offered in Fall 2018. Please refer to the course information for your degree in the LL.M. Academic Regulations for a complete list of Approved Courses for your degree.
