I. GENERAL INFORMATION ABOUT REGISTERING FOR CLASSES

Applying to the Summer Program

Students currently enrolled at Wayne State University Law School need not file an application.

A student enrolled at another law school who wishes to enroll in the summer program must file an application for guest admission. It is best to apply early, since the school in which the applicant is currently enrolled will need to certify that the student is in good standing and credit will be accepted for transfer. Wayne Law must receive this certification before an applicant will be allowed to register.

To obtain an application contact the Admissions Office at (313) 577-3937.

Eligibility to Register for Summer Classes

First-year students may register for and take courses during the summer term even if, when grades for courses completed in May become available, they find they are not academically eligible to continue in the following fall term. Grades received during the summer session will have no bearing on a readmission petition.

Upperclass students who are on probation and those currently reexamining who are not eligible to reenroll may register for summer courses. If the terms of a student’s probation or reexamination are not met and the student is ineligible to continue his or her studies at the Law School, the student’s registration for the summer program will be administratively and retroactively withdrawn including all fees assessed for the summer session.

Students who have completed 86 or more semester hours and all graduation requirements may not enroll in the summer program.

Registration Information

Full Classes

When a Law School class is closed because it has reached its enrollment limit an error message stating "Course Closed" or “Department Approval” will appear when a student attempts to register for the class. To have your name placed on the waiting list for the class, send a request from your WSU e-mail account to lawrecords@wayne.edu. Include your name, AccessID number, and
the name of the course. Students will be contacted via their Wayne e-mail address if an opening becomes available.

Dropping or Withdrawing from Courses

Students may drop a 6½-week course within the first two weeks of classes. The last day to drop a 6½-week course and receive tuition cancellation is Monday, June 1. The last day to drop a 6½-week course and not have it appear on your transcript is Monday, June 8.

Students may drop a 13-week course¹ within the first four weeks of classes. The last day to drop a 13-week course and receive tuition cancellation is Monday, June 8. The last day to drop a 13-week course and not have it appear on your transcript is Monday, June 22.

After the second week of classes for a 6½ week course and the fourth week of classes for a 13-week course a student may no longer drop the course but may only withdraw from it, using the Academica system. A student may withdraw from a non-required course at any time up to the day of the first examination, series of examinations, or due date for a research paper in the course that amounts to 20 percent or more of the final grade. (Courses with a take-home examination may not be dropped after the examination is distributed.) After this time, a student may withdraw only with the permission of the instructor and the Assistant Dean of Admissions and Student Affairs. Permission to drop a required course must be obtained from the Assistant Dean of Admissions and Student Affairs up to the day of any midterm or other examination for credit and, thereafter, by permission of both the instructor and the Assistant Dean of Admissions and Student Affairs.

If a student drops or withdraws from a course it will not count towards the student’s residency requirement, and the student will not receive course credit for it. A course that a student drops will not appear on the student’s transcript. A course from which a student withdraws will appear on the student’s transcript with the withdrawal grade assigned by the professor.

To withdraw from a clinical course, externship, Pretrial Advocacy, Trial Advocacy, or a seminar after the end of the first week of classes, a student must have permission from both the instructor and the Assistant Dean of Admissions and Student Affairs.

¹ The 13-week course during Summer Term 2015 is Advanced Transnational Environmental Law Clinic. Corporate Counsel Externship, Criminal Justice Externship, Judicial Externship and Public Interest Externship will have the same drop/add deadline as 13 week courses.
Once the course is completed and the student has received a final grade for the course it may not be dropped.

To drop or withdraw from a course a student must use the Academica system. If you need help dropping a course, send a request from your WSU e-mail account to lawrecords@wayne.edu with the appropriate course information.

If a student does not drop or withdraw from a course, and does not complete the course requirements, the student will receive a grade of F for the course.

**Registration Fee**

If a student drops all classes during the priority registration period, the student will not have to pay a registration fee. If a student registers for only one class and it is cancelled by the University, the registration fee will automatically be removed. For all other complete withdrawals processed, the registration fee is non-refundable.

**Ineligibility to use the online registration system**

Students will not be permitted to register, add, or drop a course using the online registration system if:

- The student has an academic or financial hold or has been academically dismissed.
- The student has not been admitted to the University for Summer Term 2015.
- The student has not registered for several years and has not had his or her records reactivated.

If you find yourself in this situation, contact the University Registrar at (313) 577-3531.

**Externships**

Prior to registering for an externship, a student must have the approval of D’Lorah Hughes, Director of Externships. Externships are available for J.D. students in good standing who have satisfactorily completed the first year, including Legal Research and Writing. LL.M. students with a minimum 3.0 grade point average and the equivalent of the first-year courses may also enroll in externships related to their concentration. Grading for all externship colloquia is on the letter grade scale. Grading for externship practica is on the Honors, Pass, Low Pass, No Credit scale.
Limitation on Clinical and Internships or Externship Courses

A student may submit no more than 14 semester credits from clinics, internships, and externships toward completion of degree requirements. A student may register for no more than one externship or clinic per semester, and may not register for both an externship and a clinic in the same semester. A student who has taken a clinic may not register for another clinic (other than an advanced version of the same clinic) unless positions remain available two weeks after the Law School's registration period begins or one month before the semester begins, whichever occurs later.

Graduate-Level Courses Outside the Law School

Following completion of the first year, a student may elect one law-related course on the graduate level in another department of the University each term, with a limit of four such courses. To elect such a course a student must obtain prior approval from the Assistant Dean of Admissions and Student Affairs. To earn Law School credit a student must receive a grade of “B” or better. Grades received in non-Law School courses will not be included in computing a student's grade point average, and will be recorded on the student’s transcript as “CR” (credit).

If a student takes a University Graduate Level course, the student may not elect a Law School course on a Pass/No Credit basis during that term.

The University's Spring/Summer calendar is different from the Law School's summer calendar, and students must abide by all rules and regulations stated in the University Schedule of Classes when electing a course outside of the Law School. You can find a copy of the University Schedule on the web at http://www.classschedule.wayne.edu.

Summer Programs at Other Law Schools

To take a summer course at another law school and receive credit towards your Wayne Law degree you must obtain prior approval from the Assistant Dean of Admissions and Student Affairs.

To earn Law School credit a student must receive a grade of “C” or better. A student will not receive credit for courses graded Pass, Credit, or Satisfactory. Grades received in courses taken at another law school will not be included in computing a student’s grade point average, and will be recorded on the student’s transcript as “Transfer Credit.”

After a student has completed his or her course at another law school, it is his or her responsibility to have the guest institution send an official transcript directly to the Law School Records Office in order to receive credit.

Election of Pass-No Credit Grading

In any single term or summer session after the first year of Law School, a J.D. student may elect to take one non-required letter-graded course on a Pass-No Credit basis. Taking a course in another University division precludes election of another course on a Pass-No Credit basis during that term. Seminars, Directed Studies, and Appellate Advocacy: Advanced Legal Writing (LEX 7536) may not be taken on a Pass-No Credit basis.
Up to four courses passed on this basis at the Law School may be credited for residence and hours toward graduation, but will not be included in determining a student's grade point average.

The course instructor will not be made aware of the student’s election of Pass-No Credit grading. The Law School Records Office, upon receipt of the student’s final grade in the course, will enter an “A+” through “C” as a “P” (pass) and a “C-” through “F” as a “NC” (no credit) on the student’s record/transcript as the official grade in the course.

Notice of such election for the Summer Term 2015 must be filed in the Law School Records Office by 5:00 pm, Tuesday, June 9, 2015. Effective as of the Summer 2012 semester, a student who has elected to take a course on a Pass-No Credit basis may rescind that election no later than three days after the Records Office posts the student’s final grade in Blackboard and may thereby take the assigned letter grade in lieu of the ‘Pass’ or ‘No Credit’. A Pass-No Credit election cannot be made on the web.

A student may make a Pass-No Credit election by completing the Election of Pass-No Credit Grading Form and bringing it to the Records Office or faxing it to (313) 577-9800. The form is available from the Records and Registration Office page of the Law School’s website.

**Professional Skills Requirement**

Students who started at the Law School in the Fall 2005 semester or later must complete the professional skills requirement by taking a curricular offering of two or more credits that provides substantial instruction in professional skills beyond traditional legal research, writing, and analysis. Students entering Fall 2013 or thereafter are required to take 6 credits of professional skills courses, of which at least 3 credits must be an internship, externship or clinic. The courses that meet this requirement are:

- Clinics: Asylum & Immigration Law Clinic, Business and Community Law Clinic, Civil Rights and Civil Liberties Clinic, Criminal Appellate Practice Clinic, Disability Law Clinic, Legal Advocacy for People with Cancer Clinic, Patent Procurement Clinic, Practicum in Dispute Resolution, and Transnational Environmental Law Clinic

- Internships: Criminal Justice Internship, Government Agency Internship, In-House Counsel Internship, Judicial Internship, and Public Interest Internship.

- Externships: Corporate Counsel Externship, Criminal Justice Externship, Judicial Externship, and Public Interest Externship

Courses that satisfy the Professional Skills requirement are marked with [PS] in the Course Listings below. A student may not use the same course, seminar, or clinic to satisfy both the upper-class writing requirement and the professional skills requirement.
