Summer Programs at Other Law Schools

To take a summer course at another law school and receive credit towards your Wayne Law degree you must obtain prior approval from the Assistant Dean of Student Affairs.

To earn Law School credit a student must receive a grade of "C" or better. A student will not receive credit for courses graded Pass, Credit, or Satisfactory. Grades received in courses taken at another law school will not be included in computing a student's grade point average, and will be recorded on the student's transcript as "Transfer Credit."

After a student has completed his or her course at another law school, it is his or her responsibility to have the guest institution send an official transcript directly to the Law School Records Office in order to receive credit.
